The Japan-U.S. Teacher Education Consortium (JUSTEC) was established under the aegis of AACTE in the late 1980s. JUSTEC is a unique educational organization that supports its participants in pursuing not only academic endeavors but also professional networks, for growth in both research and teaching practices for Teacher Education. In addition to the continuous support from the AACTE, the annual JUSTEC conferences have gained the official support of the U.S. Embassy, Tokyo and the Ministry of Education, Culture, Sports, Science, and Technology (MEXT), Japan, thereby providing particular educational benefits for Japan-U.S. educators and Teacher Education.
